## TECHNICAL SKILLS

## ABOUT ME

Driven and enthusiastic Python Full Stack Developer with a fresh perspective and a keen eye for detail. I have a solid front-end and back-end development foundation, acquired through hands-on experience and a strong academic background in Web Development.

During my studies, I honed my Python, HTML, CSS, JavaScript, JQuery, Bootstrap, Mysql, and Django skills. I am excited to apply them to real-world projects. Through personal projects, I've developed a knack for crafting user-friendly web applications that prioritize functionality and aesthetics with attractive UI Designs.

I thrive in collaborative environments where creativity and problem-solving are encouraged. Eager to continue learning and growing, I am excited to embark on a career in Full Stack Development and contribute to innovative projects that push the boundaries of technology.
